OBJECTIVES

Highly motivated and dedicated Frontend Developer with a strong focus on the React framework. With a deep understanding of React's component-based architecture and virtual DOM, I have successfully developed and delivered dynamic and responsive web applications.

SKILLS & TECHNOLOGIES

Expertise - HTML5 ,CSS3, Bootstrap, ReactJS.

Comfortable - JavaScript, TailwindCSS, Firebase, Rest API, DaisyUI.

Familiar - ExpressJS, NodeJS, MongoDB, Stripe, JWT.

Tools - Github, VS Code, Chrome Dev Tool, Netlify, Firebase Hosting, Vercel, npm, Figma etc.

PROJECTS

Chef Hat - Recipe Website [[Demo](#) || [Client](#) || [Server](#)]

Technologies: ReactJS, NodeJS, ExpressJS, Firebase, BootStrap.

- ❖ Implemented robust user authentication and authorization system for secure access to website features, including email/password login, social media sign-in.
- ❖ Designed and developed a comprehensive system for managing chef profiles and recipes and enabling users to explore chef profiles, view recipe details, and mark recipes as favorites.
- ❖ Developed a dynamic routing system with React Router.

Puzzle-Playground - A Dynamic Toy Marketplace [[Demo](#) || [Client](#) || [Server](#)]

Technologies: ReactJS, NodeJS, ExpressJS, Firebase, TailwindCSS.

- ❖ Implemented secure user authentication and authorization system, including email/password login, third-party sign-in and role-based access control.
- ❖ Designed and developed visually appealing, responsive interface with modern UI/UX elements, ensuring seamless user experience across devices and screen sizes.
- ❖ Developed comprehensive CRUD functionality and integrated with a database for efficient data management, including search and filtering capabilities.

Rhythmax - Course Selling Website [[Demo](#) || [Client](#) || [Server](#)]

Technologies: ReactJS, NodeJS, ExpressJS, JWT, Stripe, Firebase, TailwindCSS.

- ❖ Visually appealing design with pleasing color contrast, proper alignment, and customized component styling.
- ❖ Registration and login system with social login options, error handling, and conditional display of profile picture or login button.
- ❖ Dashboards for students, instructors, and admins with features such as class selection, enrollment, payment, feedback, and management of classes and users.

EDUCATION

- ❖ Diploma in Computer Technology (Bangladesh Sweden Polytechnic Institute) 2016 - 2020.
- ❖ B.Sc in Computer Science and Engineering (Green University of Bangladesh) 2022 - present.

ACHIEVEMENT

Web Development Course at Programming Hero (MERN Stack): Completed an intensive web development course offered by Programming Hero, focusing on the MERN stack (MongoDB, Express.js, React.js, Node.js). Acquired proficiency in building dynamic and scalable web applications using this modern technology stack.
